WHY I WROTE THIS BOOK

Financial Problems Are Deadly.

One of the things that people write me about most is financial problems or setbacks. I know what it means to prosper, and I also know what it means to be completely wiped out financially.

One of the tools that satan uses to destroy incentive, goals and the joy of accomplishment, is financial difficulty. I wrote this book because I care about you and the losses you may experience in life. Read this with an open mind toward God as to how you can become a success in your finances.

The Tragedy Of Believing A Lie

The newspaper reported the airline crash. Chilling screams of terror tore into the cold night air. The explosion of metal. Helpless cries of torment and desperation. Families wiped out. Lifetime dreams shattered like glass upon concrete. Emotional scars forever engraved on the soul.

Havoc. Destruction. Chaos. All in a matter of minutes. And all *because of a lie*. In the rush, the plane's mechanics failed to check the tiny malfunction. Signaled that all was well, the pilot proceeded down the runway.

He accepted another's judgment.

It cost him his life.

Your Happiness Depends On What You Believe. Success or failure depends on your believing

a lie or truth. In marriage, in health, in spiritual matters and even in finances, what you believe makes all the difference.

From Santa Claus to tooth fairies, all of us can remember moments we believed a lie. Sometimes harmless, sometimes devastating.

Your Money Matters.

Sit with the minister counseling the young married couple—*money*.

Look at the youth in prison for stealing—*money*.

Listen to the missionary from Africa sharing the needs of his ministry—*money*.

Talk to the weary, overworked husband—*money*.

Read The Holy Bible. The teachings of Jesus Christ include this powerful topic—*money*.

Thousands live unfulfilled and frustrated lives because they do not understand the truth about money. They have believed one or more of the following ten lies.

Thousands live in torment because of *a lie*.

It matters to me.

That is why I wrote this book.

☞ Lie #1 ☞

“MONEY IS UNIMPORTANT.”

Ignorance Is A Universal Disease.

Recently, I sat in a coffee shop in the Dallas-Fort Worth airport. I listened as the young waitress spoke of her long hours, small apartment and two children.

“Wouldn’t you like to be making more money?” I asked.

“No, I would not!” she replied indignantly. “That’s what is wrong with our world now: greed. I have enough for my bills and support of my two kids, and that’s all I want. People place too much emphasis on money. Money is unimportant.”

I could hardly believe my ears.

“Have you ever heard of Calcutta, India?”

“Yes,” she replied.

“Have you ever seen pictures of the starving children there?”

“Yes.”

“Have you ever sent them any money or food?”

“No.”

“Why not?” I asked.

“I *haven’t had enough*...” her voice trailed off.

I could see in her eyes the truth had dawned. She did not have enough money.

So, money *does* count.

The quality of life hinges on it.

Money is the *power part* of our world. With it we

bargain, trade and *exchange* our way through life!

Shelter, food, medical care, education and even self-preservation involve money. Money is a basic method of communication between human beings.

In war or peace, love or hate, *money matters.*
Always.
